

Organizational Overview

Fall 2024

AN EVOLUTION IN OUR WORK & MISSION

On September 17, 2024, Nebraska Family Planning became Reproductive Health Collaborative Nebraska, bringing a new brand to life that provides a clearer representation of our mission and vision for the future. Our new name is more inclusive of all the Nebraskans we aim to serve and advocate for, and better expresses the breadth of sexual and reproductive healthcare services offered by our funded partner agencies.

Think of RHCN as NEFP-*plus*! While much of our work continues as before, the rebrand signifies and supports a bolder approach to education and outreach, advocacy, and partnerships in Nebraska's sexual/reproductive health spaces. We're more committed than ever to ensuring all Nebraskans have equitable access to high-quality sexual and reproductive healthcare and to educating our communities with unbiased, culturally sensitive, medically accurate information.

Big thanks to our friends at Clark Creative Group and Plumb for bringing the Reproductive Health Collaborative Nebraska brand and website to life. We also extend deep gratitude to our partner and peer organizations, clinical agencies, end-user patients, and *all* Nebraskans—each of whom inspire us endlessly to enhance and expand sexual and reproductive well-being statewide. Thank you for taking this new journey with us!
